DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1 – 2, 4 – 6, 8 – 10, 12 – 14, 16, 17 - 25 and 27 – 29 are rejected under 35 U.S.C. 102(e) as being anticipated by U.S. Patent No. 6,385,311 (Bauer et al.).

With respect to claims 1 - 2, 9 – 10, 17 and 22 note that Bauer teaches temporarily provisioning services in an ongoing connection and determining that if no service feature is identified or that the service cannot be provisioned then presenting a list of other services that can be provisioned and if so allocating resources to support the service for the duration of the call and then deactivating the service after the call. (See Abstract, Brief Summary of the Invention, Col. 3, lines 18 – 42, Col. 3, lines 54 – 61 and claims 1 – 3).

With respect to claims 4 - 6, 12 – 14, 18 – 21, 23 – 25 and 27 -29 such limitations are inherent.

With respect to claim 8, 16 such services are well known and would be inherent to the services offered by Bauer et al.

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note Abstract and Figs. of the references on the 892.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
